May 20, 1915.

T. L. Cely, Co.
Anderson, S. Car.

Gentlemen:
Following the custom pursued by us for many years, we wish our old customers, as well as our new, to return any coat made by us during the past season in which the lining has not given satisfactory wear or the fronts have not held their shape. We will be pleased to re-line the garments and put in new fronts, or if this cannot be done, make a new coat free of charge.

Very truly yours,
E. V. Price & Co.

**THREE BUSY DAYS
AT CANNING SCHOOL**

PROGRAM MADE PUBLIC YESTERDAY CALLS FOR MUCH WORK

JUNE 2, 3, AND 4

Large Number of Young Ladies From all Sections Will Attend.

Judging by the program made public yesterday the three-course in canning and good homekeeping to be given at Anderson College this week by Miss Janie C. Garlington will be a busy one, to say the least. Few if any spare moments have been left for those attending the school, and yet they will not be so busy that they will find enjoyment in their experience.

The program was made public yesterday by Miss Garlington this:

Wednesday Afternoon.
5 to 6 p. m.—Assignment of rooms.
6:30 p. m.—Supper.
7:30 to 9.—Lecture and story telling on the grounds.

9:30—In the rooms.
9:45—Lights out.

Thursday Morning.
9 a. m.—Assemble in chapel. Short opening exercises, song, prayer, address of welcome, and arranging the girls in three sections, appointing a leader for each.

10 to 10:40 a. m.—Work in class rooms, girls taking notes, Sec. A. instructions in canning tomatoes, Sec. B. instructions in canning beans, Sec. C. instruction in plant diseases.

10:40 to 11:30 a. m.—Instructors change to different section of girls.
11:20 to 12 a. m.—Second change, making each set of girls having heard each instructor.

12.—Assemble in chapel. Announcement and dinner.

Thursday Afternoon.
3 p. m.—Assemble in grove, practical work in canning vegetables, each set of girls under separate instructor and changing instructors three times.

6 p. m.—Dismissal for supper.

Friday Morning.
Morning session is to be devoted to class work as on Thursday with frequent change of instructors. Review of Thursday's work. Dinner at 12:30.

Friday Afternoon.
Girls will assemble in the grove and the practical work will be conducted as on Thursday, only girls doing work under supervision of the instructors.

6 o'clock.—Supper.

Saturday Morning.
9 a. m.—Assemble in chapel, each girl reporting on work in fields at home, how much she expects to market, number of cans needed, and whether or not she wants a canner, etc.

12 a. m.—Adjournment.
Quite a number of young ladies have signified their intentions of attending this session. Following is the class roll up to date:

Maggie Foster, Nancy Evans, Florida Gruber, Etta Watkins, Helen Chamblee, Irene Martin, Rebecca Shirley, Helen Leverette, Annie Guest, Sue Shirley, Helen Gassaway, Lelia Stringer, Lucile McConnell, Sylvene Callahan, Ruth Shirley, Helen Shirley, Claudia Brazeale, Margaret Kolborne, Margaret Wilson, Annie Wilson, Neta Adams Gladys Bolt, Margaret Vaughn, Lucille Haynie, Alice Hall, Annie Watson, Ruth Boggs, Eunice Barnett, Ruth Bagwell, Dewey Bruce, Sylvene McLees, Lunell Bolt, Janice Crenshaw, Nannie Leese Girard, Emmie Spearman, Ferol Acker, Willie Parker, Ruby Spearman, Lorena Nicholson, Clara Maude Nally, Allie Pearson, Grace Pearson, Marion Griffin, Violet Welborne, Louise Martin, May Hillhouse, Grace Martin, Nell Bolt, Mary Franklin, Deel May Earle, Mollie Mayfield, Mudge and Grace LaBoon, Elise Bagawell, Florence Moore, Della Tinsley, Kittle Hall, Mary Lee Norris, Lavania Kinard, Annie Erskine, Lois Wilson, Robert Day, and Carrie Moore.

RAINS WASH AWAY BRIDGES

Cloudburst in Brushy Creek Section Does Much Damage.

News reached Anderson yesterday of a cloudburst in the Brushy Creek section of the county on Thursday night which caused the destruction of a total of thirteen bridges and great damage to the crops.

The rain fell in torrents for over two hours and the streams were filled with water in a short time. Nearly every bridge and culvert in that section was taken away and travelling is made very dangerous at night.

It is not known that lives were endangered except in the case of where a family of negroes lived near the bank of one of the streams and the water rose to such a height that they had to vacate the house.

A Mistake Made by Many.
Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. Evans Pharmacy.

Girl of 17 Tells Why She Shot Her Lover.

Ida Riehl.
Ida Riehl, aged seventeen, of Philadelphia, who shot and killed Edmond Hauptfuhrer, twenty years old, because he refused to marry her and assume the parentage of her unborn child, has been sent to the Philadelphia hospital for observation and care.

Miss Fiehl, who had for several weeks been pleading with Hauptfuhrer to take her as his wife, started on Saturday night to make the final attempt—with the aid of a revolver. This is what the girl, pale and trembling, said to the coroner:
"My heart was breaking and I was ready to go down on my knees to him, but he spat in my face. I took the pistol only to scare him. I only know that I was running and that I wanted to run to the end of the world. Then people grabbed me and almost tore my clothes away. Then they brought me here."

Miss Riehl explained that she first met Hauptfuhrer about a year ago. He took her out automobiling and soon expressed his love for her.

"He said that he loved me," she went on. "That he would never love any one else as long as he lived and that he would soon marry me. I believed him of course. Why shouldn't I believe the man I loved?"

Pellagra Hospital.
The Spartanburg County Pellagra Hospital, for the operation of which the legislature appropriated \$4,000 some time ago, will be opened at the county farm next Monday. This hospital for the treatment of pellagra was in operation for some time last year and was attended with good success. The treatment is given free of charge, of course, being endowed by public funds, and the best medical attention is given the patients.—Spartanburg Herald.

Bilious Attacks.
When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

Rev. and Mrs. George T. Harmon of Cheraw, and Rev. Peter Stokes of Bennettsville were here yesterday.

MEANS FOR DESTROYING AWFUL POTATO BUG

Arsenate of Lead or Paris Green May be Used Effectively.

Mr. S. M. Byars, farm demonstration agent for Anderson County stated yesterday that many reports of havoc wrought by the potato bug were coming to him and that he would take this means of urging the people to kill this pest. He stated that many people seemed afraid to use bug death on any kind for fear of the poisoning but he assures them that there is no danger if properly used.

His instructions are as follows:
Arsenate of Lead.
one half pound to 55 pounds of lime, ashes, road dust or something of the kind. Sprinkle over plants while due is on.

Paris Green.
1 pound to 100 pounds of lime, ashes, etc. When using water with the paris green use on powder to 300 gallons of water.

Mr. Byars states that the powder is preferable since it enables one to see how well the plants are covered. This powder should be put on early in the morning when the plants are wet and again he assures them that there is no danger from the poisoning.

SUNDAY SERVICES AT FIRST BAPTIST CHURCH

Both Morning and Night Services Were Well Attended.

The commencement exercises of Anderson College, held Sunday at the First Baptist church, including the sermon Sunday morning by Dr. Byron H. DeMent of Greenwood to the Young Women's Christian association and the baccalaureate sermon that evening by Rev. W. E. Thayer of Sumter, were well attended and were very creditable to the college and the city of Anderson. The beautiful music rendered by the glee club of the college added much to both the services.
At the morning service Dr. DeMent took the beautiful story of Mary, pouring the costly box of Alabaster on the head of the Saviour, as an example of love and from this drew many beautiful illustrations and truths, impressing his hearers with the true importance of love in this world.
Dr. W. E. Thayer's sermon at the evening service was good and the building of a monument with faith as the foundation, followed by hope and then love as the capstone was beautifully portrayed.

Cavalry Tent is Adopted for all Army Branches.

Because of the additional comfort which will be afforded the soldiers, the war department has decided to equip all branches of the United States army with cavalry tents. The decision was reached recently after a personal inspection, by the secretary of war, of 20 different types of shelter tents which were set up in one of the Washington parks and thoroughly tested. While this tent is two pounds heavier than the one heretofore used by the infantry, it is so much larger and more comfortable than the old one that it is considered preferable.

Considerable complaint has been made in the past regarding the small size of the infantry tent. The cavalry tent, however, is 65 inches in length on the ridge, 61 inches wide at the base, and when supported on the collapsible poles, stands 43 inches from the ground at the ridge. The canvas, which is of an olive-drab color, is divided into two sections which button together at the ridge and along the slanting end. A picture of the tent appears in the June Popular Mechanics Magazine.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Use it like a cold cream and dry Eczema eruptions right up.

The moment you apply bold-sulphur to an itching or broken out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good druggist will supply an ounce of bold-sulphur, which should be applied to the affected parts like the ordinary cold cream. It is an unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with torturous itching.
